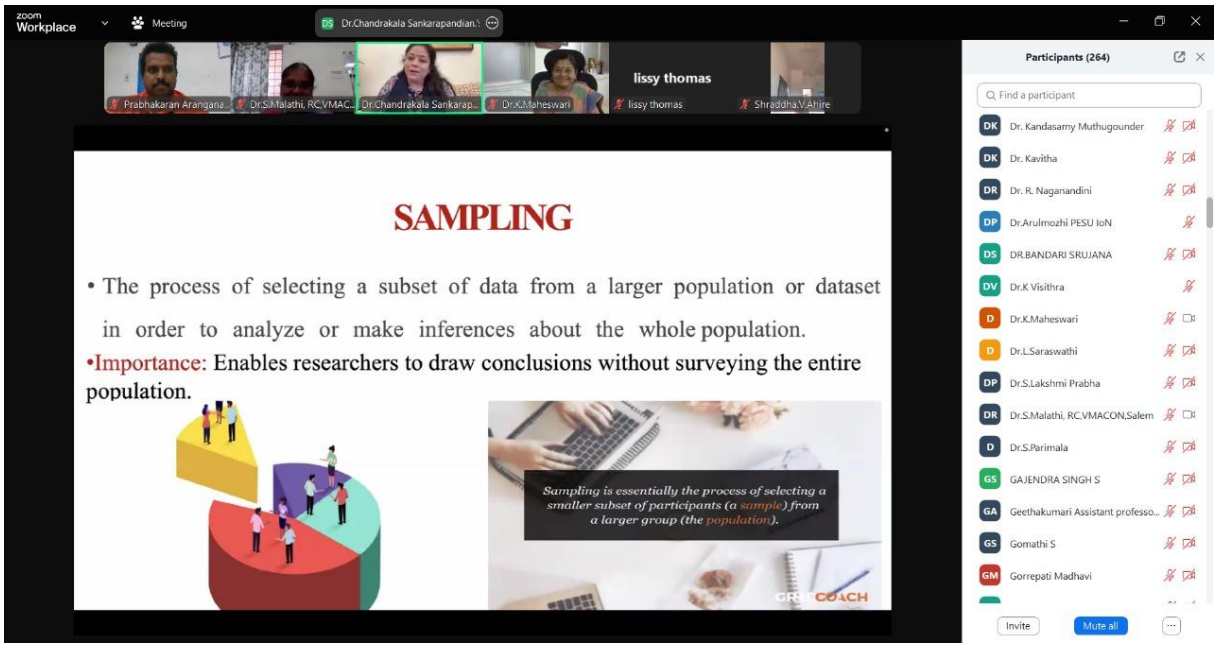
INTERNATIONAL WEBINAR ON "RESEARCH INFORMATICS:- FOSTERING A CULTURE OF CONTINUOUS RESEARCH IN NURSING"



On Your Mark, Get Set, GO?
Phase I: The conceptual phase
• Formulating & delimiting the problem
• Reviewing related literature
• Undertaking clinical field work
• Defining the framework and developing conceptual definitions
• Formulating hypotheses
Phase II: The design and planning
• Selecting a research design
• Developing protocols for the interventions
• Identifying the population
• Designing the sampling plan
• Specifying methods to measure the research variables
• Developing methods to safeguard human or animal rights
• Reviewing and finalizing the research

Meeting
Dr Kesavan J, Biostatistician - Res
How to zero down to a test?
Quantitative data
Determine the nature of data
Qualitative data
Is the data obtained from random sample?
No
Non parametric tests
Is the data normally distributed?
Yes

Department of Community Health Nursing organized International Webinar regarding "**RESEARCH INFORMATICS:- FOSTERING A CULTURE OF CONTINUOUS RESEARCH IN NURSING"** on 28th & 29th March 2025. The Chief Guest was **Prof. Dr. S.A.V. Satya Murty,** Director, Research VMRF- DU and Guest of honour **Dr. Thangadurai,** Additional Director - Research, VMRF-DU addressed the gathering, **Dr. K. Maheswari,** Principal, unfolding the theme. The scientific session was started on "Key Components of Nursing Research and Strategic Blue Printing of Research Design" by **Dr. Kandasamy Muthugounder,** Asso. Professor, College of Nursing, Khamis Mushait, King Khalid University, Abha, Kingdom of Saudi Arabia. Followed by "Sampling Techniques and Role of Artificial intelligence in Data Collection" was dealt by **Dr. Chandrakala.S,** Professor, College of Nursing, Princess Noura Bint Abdul Rahman University, Saudi Arabia. **Dr. B. Janarthanan**, faculty (Psychiatric Nursing) College of Nursing, JIPMER, Puducherry, dealt on "How to Overcome the Problems of Publications in Indexed Journals and Effective Drafting of Research Proposal".

The Scientific session II was started by **Dr.Thangadurai.N,** Additional Director - Research, VMRF-DU, on "Ethical Consideration in Nursing Research including Plagiarism" followed by **Dr. Kesavan J,** Biostatistician - Research VMRF-DU dealt about "Basic Statistics and Data Analysis". All the Sessions were very much interactive and informative to all the participants.

Outcome: 272 participants from our state, other states and other Countries attended the programme and gained knowledge and information regarding Nursing Research. Participants given the Excellent feedback for the sessions.
