ABOUT THE UNIVERSITY

Vinayaka Mission's Research Foundation (VMRF (DU)) had its inception in the year 1981 with the establishment of the Thirumuruga Kirupananda Variyar Thavathiru Sundara Swamigal (TKVTSS) Medical Educational and Charitable Trust. In 1982, the Founder-Chancellor, Dr.A.Shanmugasundaram instituted the Vinayaka Mission's College of Pharmacy in Salem, the pioneer institution of Vinayaka Missions. In the year 2001 the "Deemed to be University" status was conferred on Vinayaka Missions by the Ministry of Human Resources & Development, Government of India with the recommendations of the UGC Under Section 3 of the UGC Act, 1956 as an acknowledgement of its excellence, satisfaction of the highest level of academic standards and best infrastructural facilities provided to achieve pre-eminence in education and by virtue of this recognition, Vinayaka Missions transcended to become Vinayaka Mission's Research Foundation (VMRF) as the 48th University in India. VMRF DU has 13 colleges and 12 Schools in four locations in Salem, Chengalpattu, and Pondicherry & Karaikal. All the Programs offered by VMRF (DU) are approved by respective statutory authorities. VMRF (DU) is accredited by NAAC with 'A' grade and ranked in NIRF and ARIIA.

In addition to the research, VMACON conducts several workshops, conferences at the national, and international levels, as well as training and awareness programmes on the latest developments.

DEPARTMENT OF MEDICAL SURGICAL NURSING

WELCOME TO THE DEPARTMENT OF MEDICAL SURGICAL NURSING

This department deals with disease problems (both emerging and re-emerging diseases), treatment, surgical management, specific dietary management and nursing management of patient with different disease conditions and surgical procedures by providing total care of patient with holistic approach. It deals with preparation of patient for various investigative procedures and surgery.

VISION

Future Nurses, who will be in “savoir faire” for providing high quality compassionate, focused care on individuals, families and communities. We also encourage the highest level of client centred care through innovative evidence based practice in medical and surgical nursing.

MISSION

- Excellent clinical practice thereby making the students supreme professional nurses.
- Produce competent professional medical surgical nurses who uphold values of truth, integrity, peace, democracy and human rights.
- Promote and participate academic programmes that increase personality development, social involvement and national and international health care standards.
- Generate significant research programs which contribute to an evidence base, scientific and technologically advanced nursing education

OBJECTIVES

- Acquire knowledge of principles of nursing involved in the delivery of comprehensive client care.
- Participate as health team members in the preventive, promotive, curative and rehabilitative health care delivery.
- Employ the nursing process to provide holistic, client centered care.
- Use client care technologies, information systems and communication devices to deliver safe nursing care.
- Employ evidence based practices to facilitate communication and collaboration to deliver safe client care.

SCHOLASTIC EDUCATION

The students are getting best academic education from the enthusiastic and energetic faculty. The faculty are refreshing and updating their knowledge by attending seminars and continuing nursing educations at regional, state, national and international level from many institutions and hospitals. The students are getting opportunity to practice procedures in the demonstration laboratory before handling the patients.

Innovative teaching and learning methods like power point presentation, symposium, simulation, mnemonics, and demonstration along with lecture cum discussion is carried out efficiently by our faculty. The opportunity like clinical presentation, clinical teaching, writing case study and care plans, attending nursing rounds, conferences and bedside clinics improves student's skills in communication, leadership, recording and reporting.

SUPER SPECIALTY TRAINING

In order to combat with the advances of nursing education and practice, the students receive high quality training at VIMS Hospital, Salem under various departments like Cardiology, Surgery, Neurology, and Critical care.

ACADEMIC EXCELLENCE

The department is conducting CNE programs biannually, guest lecture classes once in three months and journal club presentation once in two months. The national conference is organized by medical surgical nursing department periodically.

ANNUAL PROGRAMS

The department celebrates world heart day, world diabetic day, world cancer day and conducts drug exhibition periodically.

DEPARTMENT OF OBSTETRICS AND GYNAECOLOGICAL NURSING (OBG)

WELCOME TO THE DEPARTMENT OF OBSTETRICS & GYNAECOLOGICAL NURSING (OBG)

The department of Obstetrics and Gynaecology nursing permits students to appreciate the complete birthing experience and provides capabilities in advanced life support, obstetrics and neonatal resuscitation protocols and high risk maternal care. Experienced Nursing faculty members with doctoral qualification is an added strength to our department.

VISION

The vision is to provide the best exclusive education, practice and research related to Obstetrics and Gynaecology Nursing. We aim to deliver a first class, high quality services, providing safe and effective care by skilled professionals, delivered in a cost effective manner.

MISSION

The mission of the Obstetrics and Gynaecology Nursing department is to enrich the life of women and children by offering most effective nursing education to professionals towards optimizing health of women and children in an ever changing health care environment.

The faculty values integrity, honesty, openness, personal excellence, constructive self-criticism, continual self-improvement, mutual respect and have a passion to serve with high performance through corporate & clinical governance to achieve best outcomes for everyone.

OBG LABORATORY

We have a well-furnished laboratory with latest high tech manikins and various models used for learning purpose. The students are getting opportunity to practice procedures in the demonstration lab before handling the mothers.

SCHOLASTIC EDUCATION

The students are getting best academic education from the enthusiastic and energetic faculty. The faculty are refreshing and updating their knowledge by attending seminars, CNEs in different colleges throughout India.

The departmental library has books for specialty, procedure manuals, instrument books, research and basic nursing procedures. We also have adequate audio-visual aids for teaching and learning such as LCD, OHP, models and blackboards.

CLINICAL FOCUS

Clinical facilities are a backbone to link theory into practice. Clinical area with scrupulous variety of clinical condition promotes ideal learning for undergraduates and post graduates. Class rooms attached to clinical area promotes conducive learning atmosphere. Case presentation, clinical demonstration, care studies, bed side rounds, clinical conference, health education is practiced by our students with the help of faculty.

SPECIALTY TRAINING

The students are open to the essentials of the specialty at the Department of OBG in Vinayaka Mission's Medical College Hospital, Vinayaka Mission's Hospital, Corporation maternity centre, Salem and Primary Health Centres at Salem.

DEPARTMENTAL ACTIVITIES

- Participates actively in National Immunization, Pulse Polio Program and other National Health Programs
